

STRATEGIC | FAMILY OFFICE™

CLARITY. SECURITY. LEGACY.

When it comes to looking after your family's affairs, your financial decisions should reflect your reality, ambitions and concerns. It is also important to work with a team that understand, and can cater to, the diverse requirements of the successful family.

Strategic Family Office is a boutique, privately owned multi-disciplined advisory business located in Kent. Our approach involves coordinating a team of professionals - from bankers to lawyers, accountants and money managers - to deliver truly integrated advice.

Our process commences with a Discovery meeting, hosted by a fully qualified Family Office Executive. They will take time to understand exactly what you need, then evaluate the type of membership that is most suitable for you.

Once your membership status is determined, they will synchronise our expert team to devise a strategy that incorporates all aspects of your affairs.

Throughout the process we sit at the same side of the table as you. We ensure that any service you receive from the appointed specialists is aligned to what you and your family require.

Working with Strategic Family Office you will benefit from personalised service and have peace of mind that your finances are in order and expertly managed.
